SENATE BILL No. 124

DIGEST OF INTRODUCED BILL

Citations Affected: IC 13-20-10.

Synopsis: Registration of composting facilities. Requires a composting facility, upon application to register with the department of environmental management, to: (1) give notices to interested persons; and (2) have a financial assurance plan to cover site restoration if the facility discontinues operation. Changes the period of registration from five to two years. Requires a facility to have controls for the protection of wetlands.

Effective: July 1, 2004.

Mrvan

January 6, 2004, read first time and referred to Committee on Environmental Affairs.

Second Regular Session 113th General Assembly (2004)

PRINTING CODE. Amendments: Whenever an existing statute (or a section of the Indiana Constitution) is being amended, the text of the existing provision will appear in this style type, additions will appear in this style type, and deletions will appear in this style type.

Additions: Whenever a new statutory provision is being enacted (or a new constitutional provision adopted), the text of the new provision will appear in this style type. Also, the word NEW will appear in that style type in the introductory clause of each SECTION that adds a new provision to the Indiana Code or the Indiana Constitution.

Conflict reconciliation: Text in a statute in this style type or this style type reconciles conflicts between statutes enacted by the 2003 Regular Session of the General Assembly.

SENATE BILL No. 124

A BILL FOR AN ACT to amend the Indiana Code concerning environmental law.

Be it enacted by the General Assembly of the State of Indiana:

SECTION 1. IC 13-20-10-3 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2004]: Sec. 3. (a) To register	V
renew the registration of a composting facility for vegetative matter that was registered with the department before July 1, 2004, a person	y

that exists at the time that the composting facility initially			
· · · · · ·	12	that exists at the time that the composting facility initially	

1	registers under this chapter;	
2	(2) must be located outside the ten (10) year floodplain, except a	
3	facility that is either:	
4	(A) operated in conjunction with a publicly owned works	
5	permitted under IC 13-15-3; or	
6	(B) designed and operated to provide adequate controls to	
7	prevent ground or surface water contamination in the event a	
8	ten (10) year flood occurs;	
9	(3) must be designed and operated to:	
10	(A) prevent compost from being placed within five (5) feet of	
11	a water table or provide adequate controls to prevent ground	
12	or surface water contamination;	
13	(B) adequately control runoff from the composting facility;	
14	and	
15	(C) manage leachate that is generated by the composting	
16	facility; and	
17	(D) provide adequate controls to prevent contamination of	
18	wetlands; and	
19	(4) must include controls for the following:	
20	(A) Dust.	
21	(B) Odor.	
22	(C) Noise.	
23	SECTION 3. IC 13-20-10-8 IS AMENDED TO READ AS	
24	FOLLOWS [EFFECTIVE JULY 1, 2004]: Sec. 8. (a) A registration	_
25	pursuant to an application submitted under this chapter (1) before	
26	July 1, 2004, expires five (5) years after the date on which the	
27	composting facility for vegetative matter is registered. and (2)	
28	(b) A registration pursuant to an application submitted under	y
29	this chapter after June 30, 2004, expires two (2) years after the	
30	date on which the composting facility for vegetative matter is	
31	registered.	
32	(c) A registration may be renewed by the person who registered the	

33

2004

composting facility if the person applies to the department.
